

# SFS SPECIAL FLEET SERVICE

Special Service for Special Equipment

## Tool Repair

Our repair facility offers quick, efficient turn-around time on all tools you use. The primary value of a repair facility is to save you money by preventing you from buying replacement tools, keeping downtime to a minimum and repairing the tool properly.

- We offer complete tool repair and have rebuild capabilities of all hydraulic, pneumatic, electric, manual hand tools, hoists, and gas drills.
- With 18 years of tool repair experience, you can feel confident in our work.
- All of our technicians are factory trained and our work is guaranteed. We keep a parts inventory on many tools in order to get you back in service faster!!
